- Cocoa & Biscuits

## 10 Day New Forest Adventure

We're very excited to be returning to **New Milton, Hampshire** for Camp 2010. It is an excellent site in a private location with great facilities, just a short walk from town, and set on the edge of the beautiful New Forest.

Our time at Camp is packed full of good food, time with new and existing friends, a wide range of exciting activities, and time to simply chill out if that's what you prefer.

If you've never been to Camp before and aren't sure if you'd enjoy it, speak to some people from your Company who have been and ask them about their experiences of Camp. Or alternatively take a look at the photos and videos on the website and see for yourself (also see below).

Each month at The Hub you have the chance to meet some of the people who will be coming along to Camp so you can get to know them a bit before we leave.

All the information you need can be found over the page, but if you have any outstanding questions please let us know via the website. You can also sign-up on the website and receive an email whenever it is updated, or follow us on Twitter:

## What's So Special About Camp?

It's always been difficult to fully explain to people who have never been to Camp, just why we love it so much. The fantastic activities certainly play a part, and good weather helps too, but even on the odd occasion that we've been let down by either of those things we've still had a fantastic Camp (our best ever Camp was the one with the worst ever weather!). So there must be something else to it.

Recently we've heard a number of people use the same phrase to describe Camp—and you really will have to come along to experience it for yourself—but it has been described as:

*“a little bit  
of heaven  
on earth”*

# The Low Down
